## SUPERVISORS LAST NIGHT

(Continued from Page One.)

Road Supervisor Johnson reported that damage caused by recent heavy rains was not confined to any one locality but was distributed and would require about \$2500 to repair. There being no money for new work, the department had given practically all of its time and attention to making these repairs.

Superintendent Holloway wrote as follows: I beg to acknowledge receipt of your communication of the 7th inst., in which you advise me of further action taken by the Board of Supervisors, relative to agreement made with the trustees of the Bishop Estate, for the construction of a concrete drain for the Kawaiahao storm extension. In reply, I would say that it is impossible for the Territory to secure title to the right of way promised by the Bishop Estate until the storm drain is constructed in accordance with the promise made by the Supervisors.

I would ask that this matter be brought to the attention of the incoming board, and trust that prompt action will be taken in completing the county's part of the agreement. Filed for action by New Board.

The board agreed to complete the approaches to Waipahu culvert at which time the Territory would pay over to the county the sum of \$300.

Action was taken on the Lucas resolution offered by Mr. Lucas at the special meeting relative to the transfer of the Kuntz property at Waikiki. The document authorized the transfer of this property to the Park Commission for the use of the public as a recreation ground. The resolution was unanimously adopted and Mr. Lucas offered the deeds to the chair for signature but the latter declined to act until this morning.

All of the members of the new board were present during the meeting and remained after adjournment and held a secret session. It is understood this was for the purpose of deciding upon a chairman and road supervisor.

The vote for chairman of the board stood a tie, 3 to 3, between Hustace and Archer.

Kealoha refused to vote.

No action was taken on the question of retaining the services of Sam. Johnson as road supervisor.

Kalei Aona informs an evening paper that he is going to sue the Hawaiian Gazette Co. for \$10,000 for libel, alleged to have been committed by the Kuokoa native newspaper, in naming the complainant instead of his wife as having been arrested for threatening to kill Solomon Matthews, a second-hand dealer in the Star block. The content of the offending article shows that a woman is the subject thereof.

Judge Whitney is conducting his civic government class at the Y. M. C. A. in the form of an ideal town called Kauna Hou. All of the pupils are landholders with a voice in the government of the town, and they discuss questions of improvement and taxation.
